## Independent Financial Group, LLC Addresses Inaccurate Reports that it sold interests in Provident Royalty and Medical Capital Holdings

Independent Financial Group, LLC (“IFG”), a leading independent broker-dealer based in San Diego, California announced today that recent reports and publications suggesting that IFG marketed and sold investments in Provident Royalties and Medical Capital Holdings are inaccurate. Since its formation in 2003, IFG and its team of 450 Registered Representatives never marketed, approved for sale or sold any interests in Provident or Medical Capital through IFG. Any reports or publications to the contrary are false.

Independent Financial Group, LLC is a securities and investment firm offering personalized services to individuals and institutional investors through our team of independent financial professionals. Our representatives offer professional advice and investments, including mutual funds, annuities, life insurance, fee-based asset management, direct participation programs and stocks and bonds.
