**Independent Financial Group releases Private-Label Technology**  
*IFG Gateway debuts to affiliated registered representatives and employees*

San Diego, CA – Independent Financial Group, LLC (IFG) is now making it easier for their financial advisors to get access to financial and client information. IFG now maintains its own application named IFG Gateway – a web-based tool allowing for robust research, multi-level reporting and seamless integration of IFG’s entire technology suite.

Owner and Managing Director, Scott Heising elaborates, “When we considered the next step in providing excellent technology platforms for our [representatives], we knew a comprehensive tool was important to add. IFG Gateway is the solution to combining accurate information with user-friendly navigation that allows our advisors to get the information they need in real-time.” He continues, “For 10 years, we’ve successfully given our representatives access to the tools and resources they need to maintain their competitive edge in the industry. Our new website combined with IFG Gateway enables them to take their businesses to the next level in modern technology.”
